

Hammers for Humanity **Moose Jaw Real Estate Board**

Kudos to the **Moose Jaw Real Estate Board's** Quality of Life Committee for their innovative campaign to sell 200 hammers (like those pictured here) for \$100 each.

The purpose of the campaign, known as **Hammers for Humanity**, is to raise the final amount required by the **Moose Jaw Habitat for Humanity** to build its first home. (The other \$120,000 necessary to build the home has been pledged by local retailers.)

The campaign literally supports the Quality of Life principles of **Providing Housing Opportunities** and **Building Better Communities**. It also provides Moose Jaw REALTORS® the opportunity to do something special to commemorate the MJREB's 50th anniversary.

Anyone wishing to support this terrific campaign may do so by contacting MJREB EO, the lovable Jim Millar (mjreb@sasktel.net), committee Chairperson, **Karen Krawczyk** (kraw2@sasktel.net), or the ASR office (info@saskatchewanrealestate.com). Way to go Moose Jaw REALTORS®!
